Customer Shopping Behavior

Used 3,900 purchases to align on the biggest growth, loyalty, and margin opportunities.

Made with GAMMA

REVENUE CONCENTRATION

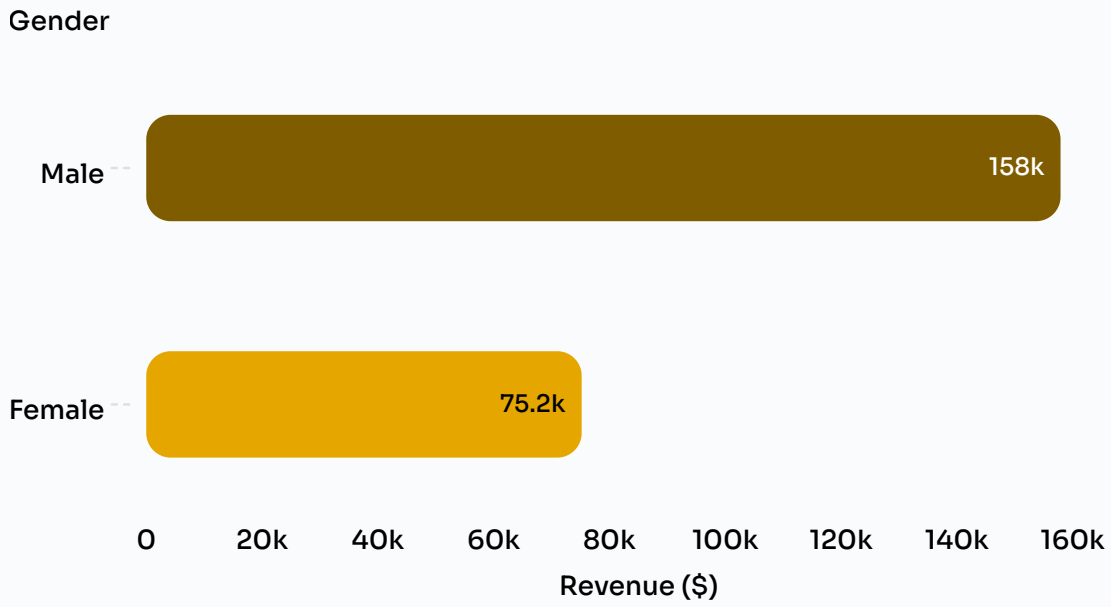

The customer base is broad, but revenue is concentrated

$233.08K

Total revenue

$59.76

Average purchase

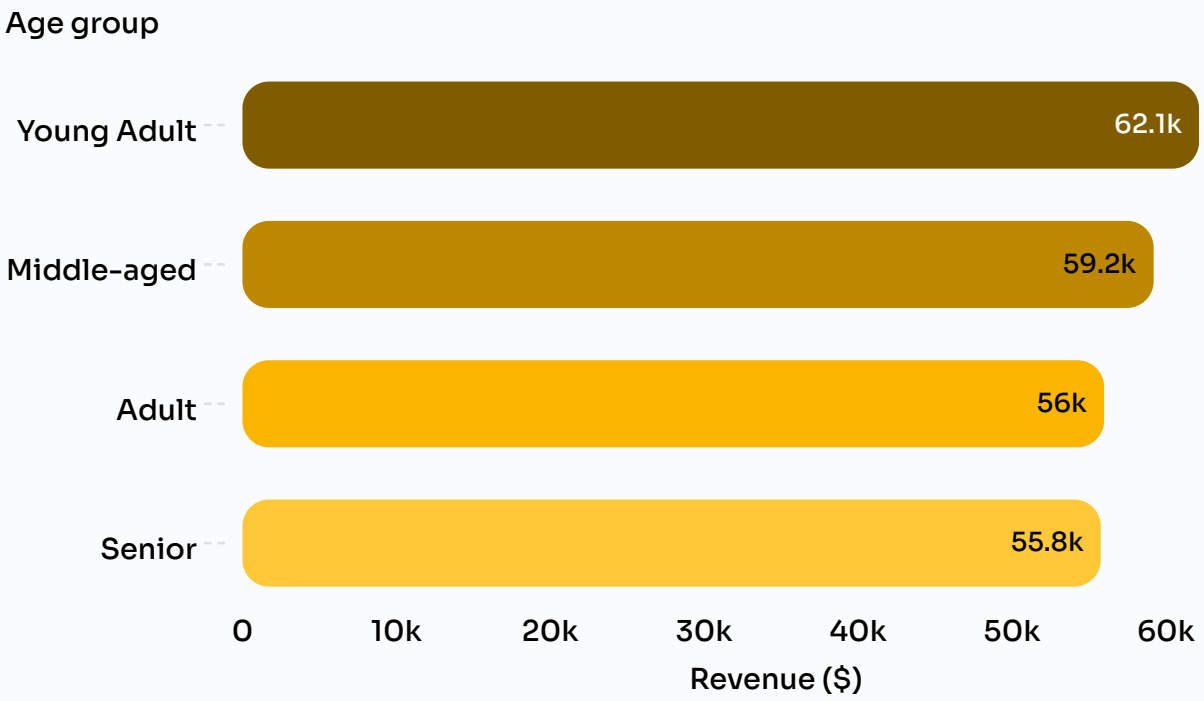

3,900 purchases across 25 products, 4 categories, and 50 locations.

Made with GAMMA

AGE GROUPS

Young adults lead revenue, but every age group contributes

26.66%

Young Adult share of revenue

Prioritize young-adult growth while keeping broad relevance.

LOYALTY & SUBSCRIPTION

Loyal customers are the engine; subscriptions are the gap

3,116
Loyal customers

701
Returning customers

83
New customers

27%

of the base subscribes
1,053 customers

$59.49 average spend for subscribers

$59.87 average spend for non-subscribers

Subscription benefits should build loyalty, not simply lower prices.

Made with GAMMA

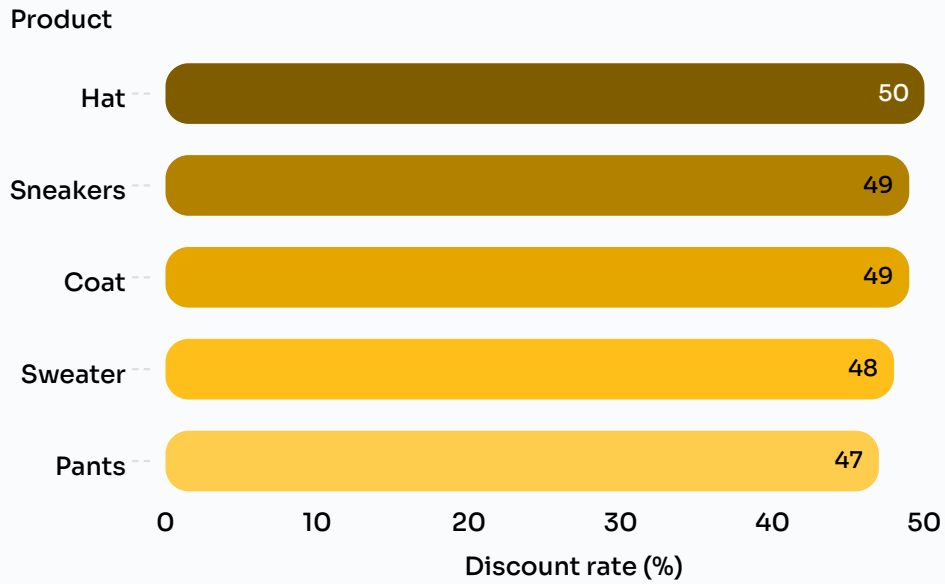

DISCOUNT EXPOSURE

Discounts can drive volume without guaranteeing lower spend

839

customers used discounts and still spent above the average purchase amount.

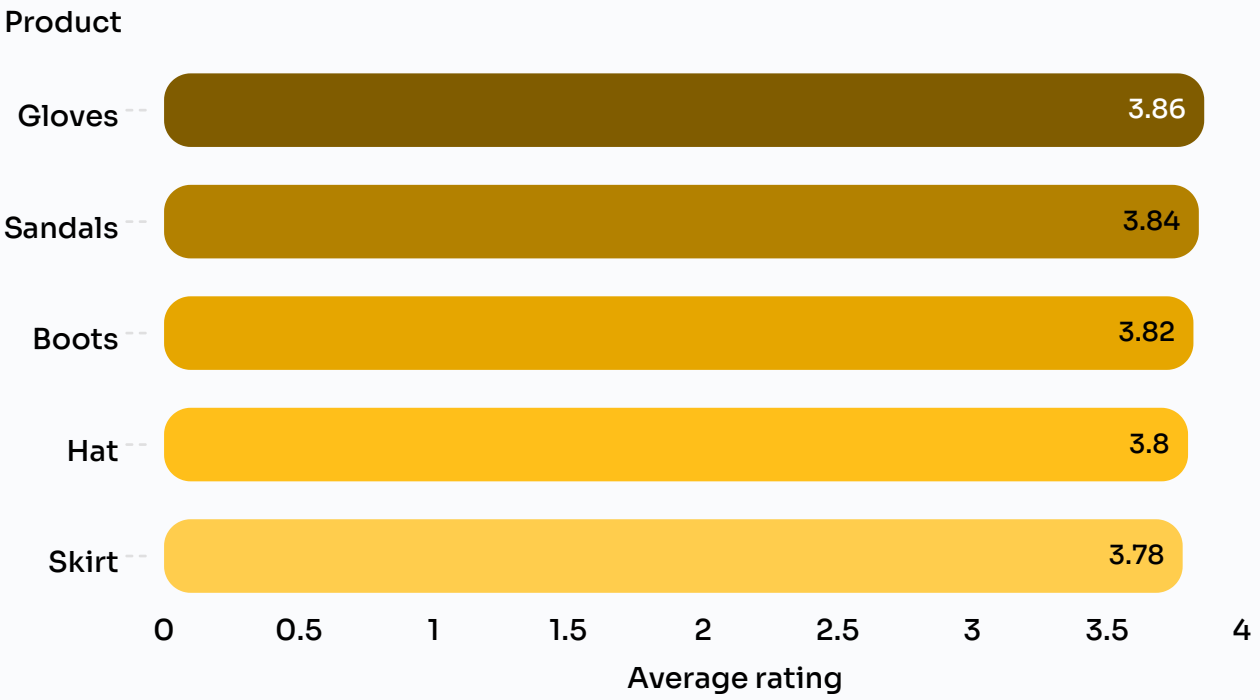

Discuss where discounts create incremental demand versus margin leakage.

Made with GAMMA

PRODUCT SIGNALS

Product signals point to clear campaign priorities

Campaign priorities

Use ratings to build trust.

Use purchase volume to shape availability.

Best-selling products by category include Jewelry, Blouse, Sandals, and Jacket.

Made with GAMMA

SHIPPING VALUE

Shipping is a small but visible value lever

$2.02

higher average purchase with Express shipping

Express shoppers may be a useful audience for convenience-led offers.

Test whether faster delivery increases conversion or simply attracts higher-intent buyers.

Made with GAMMA

ALIGNMENT

Three actions to align on next

01

Subscription benefits

Design subscription benefits around loyalty, not just lower prices.

02

Tailored campaigns

Target young adults and high-value repeat buyers with tailored campaigns.

03

Margin guardrails

Review discount exposure by product and pair it with margin guardrails.

DISCUSSION

What should we test first?

Choose one subscription, targeting, or discount experiment to prioritize for the next planning cycle.
